

**PLEASE NOTE:** Each term your child's enrolment will automatically be carried over to the following term. However they do not carry over from one year to the next year. If you do not wish to continue with your child's enrolment you must notify the front office before the end of the current term to ensure you do not receive a cancellation fee.

## Mighty Stars Program

This program is for boys and girls selected out of other SCGA programs to start training for the competitive stream of gymnastics. We have two competitive disciplines here at SCGA which consist of the WG program (women's gymnastics) and MG program (men's gymnastics).

South Coast Gymnastics Academy competitive program is a well-established program with gymnasts up to level 10+. An increased level of commitment is required if you wish for your child to enter this program. Due to the fact they will be learning harder skills we need to work on developing strength and flexibility to promote their skill level. It is likely that they will stay in the Development Program for at least 6 -12 months or more before moving to the next squad.

The decision to enter this program is up to you and your child. If you wish for your child to have the opportunity to compete in Regional, Country, State and National competitions in the NSW Levels system they need to begin competitive classes. If your child begins the Development program and finds they do not suit them they are welcome to move back across to their retrospective program where they will still have the opportunity to compete at local level competitions.
