

# COACH JESS

WAG Development and Squad  
Coach

---

Jess started her gymnastics career at SCGA in the competitive WAG program. She progressed through the different levels competing in local, country and state level competitions. Unfortunately she had to retire her gymnastics competitive training due to injury, but that never stopped her sharing her love of the sport with her gymnasts.

Jess has been coaching the WAG squad group preparing the gymnasts for leveling up and attending competitions for regional, country and state level just like her.
